

	<p>استمارة مجال الاعتماد Scope of Accreditation form</p>	<p>نظام الاعتماد العراقي IQAS</p>
<p>Organization address: Iraq-Kurdistan region- Erbil- main Gazna road</p>	<p>Organization name : Modern Surveying for Testing and Calibration Laboratories</p>	<p>Accreditation no.: TL 021</p>
<p>Signature :  Abdul Wahid Mohammed Ibrahim Deputy General Manager</p>	<p>Accreditation is valid From 23/1/2023 To 22/1/2025</p>	<p>Issue no. : 004</p>

Testing Field	Type of Test	Test Object or Product	Reference to Standardized Method
Mechanical	Determination of the seat tightness of metal and soft-seated pressure safety valves & pressure relief valves	Pressure Safety Valves & Pressure Relief Valves (PSV, PRV, PVRV and Pilot Valve etc.): Pneumatic (-0.9 to 300 Bar) Hydraulic (0.2 to 1200 Bar)	MSL/TP/P/02 based on API 576 & API 527
Mechanical	On-line testing of pressure Safety valves & relief valves for the determination of valve set pressure	Pressure Safety Valves & Pressure Relief Valves (PSV, PRV etc.): (1 Bar to 400 Bar)	MSL/TP/P/04 based on API 576 & API 527
Electro-Mechanical	To detect and correct errors in the set point and dead band of the pressure switch	Pressure Switches (Pneumatic) (-0.9 to 200 Bar) (Hydraulic)(0 to 1200 Bar)	MSL/TP/P/03
